WONDERFUL Blood-Purifying Effect —OF— Ayer's Sarsaparilla

Mr. Charles Stephenson, a well-known
Railway Employee at Kalapoi, New
Zealand, writes:

"About ten years ago, while engaged in shunting, my foot caught between the rails, and my leg was fractured below the knee. It healed in time, but I have been troubled ever since with swollen veins, and have been obliged, at times, to wear a bandage. About a year ago it became much worse, and I feared I should be obliged to give up my work. A friend advised me to try Ayer's Sarsaparilla. I did so, and after taking four bottles the swelling disappeared, and I have not been troubled with it since."

REGULAR HILO LETTER

GOOD MUSIC AT FOREIGN CHURCH MONTHLY SOCIAL.

School Closing Exercises—Local Improvements—Personal and Social Notes—Yachting and Horse Racing.

On Tuesday night of June 23rd, the regular monthly social held by the Foreign Church took place at the residence of L. Severance. The program opened with a piano duet by Mrs. L. Turner and F. M. Wakefield and was heartily enjoyed. Mr. Wakefield then sang "Mrs. Henry Hawkins" by request for which he also received an encore. He was accompanied on the piano by Mrs. Turner. Samuel Peck of Olan then rendered several choice selections on the zither which showed that gentleman to be a musician away above the average. The social closed with a shadowgraph burlesque on Romeo and Juliet. The actors acquitted themselves very creditably. Special mention is due Cyril Smith. The affair was well attended.

The four masted schooner John B. Tallant, Capt. Hoffland, sailed into Hilo harbor, June 25, fourteen days from San Francisco. She is loading sugar and expects to clear before the first of July.

The Australia's mail came in this Friday a. m.

Today the schools in and about Hilo closed for the regular summer vacation. The programs at the different buildings were carried out very nicely and showed that the teachers had taken great pains in teaching the youngsters their lines.

The closing exercises at Haaleo school, which is under the management of the Misses Rose, were very well attended and the lengthy program was appreciated by the large number present.

Things in police circles are rather quiet.

Tonight, Friday, J. R. Wilson will take a party of friends out for a row up the river in his new iron boat the Clare.

LATE FOREIGN ITEMS.

News from All Parts by Latest Steamer.

A new outbreak of Matabeles has started in South Africa.

The Turks refuse to allow any provisions to be taken to the thousands of Christian refugees at Retimo and other towns in Crete. Grave fears are entertained that all these helpless people will be murdered at the first opportunity, unless the appeal of the Cretan committee to the powers is granted and they are allowed to take the refugees on board ships.

Under a recent act of Congress the Cree Indians are to be deported by the military, from Montana to Canada. Some of the Indians claim that they, as well as their children, are citizens of the United States and that they don't want to go back, even if Canada does grant full pardon for the part the tribe took in the Riel rebellion.

Twenty-five sea lions have been captured at Santa Barbara, Cal., for zoological gardens in London, Berlin and Amsterdam. They were all captured by means of a lasso. To be eligible for exhibition purposes they had to be young, not two years old. The Santa Barbara seal has the reputation of living longer in captivity than those of any other locality, and the Jardin des Plantes at Paris has a specimen captured there fifteen years ago. Each seal is placed in a crate by itself and wet down frequently during transportation. Each will consume on the journey about fourteen pounds of fish daily.

THE BALL COMMITTEE.

Arrangements About Perfected—There Will be Two Bands Present.

The committee in charge of the arrangements for the ball on Friday evening have about perfected all their plans and promise to carry the affair to a successful issue.

There will be two bands, each composed of ten pieces. One will play orchestral selections previous to and between the dances, and the other, composed mostly of native musicians and singers, will supply the dance music.

The hall has been thoroughly cleaned and will be handsomely decorated by a special committee.

The floor committee was selected this morning but the names will not be made public until all have signified their acceptance of the charge.

Orchestral music will commence at 8:30 p. m. and dancing at 9. The latter will be kept up until those in attendance get enough. There will be a regular program and extra dances as required.

It is the aim of the committee in charge to make the occasion a success in every way and an occasion long to be remembered.

REV. FATHER EMMERAN.

Twenty-five Years at Missionary Work in These Islands.

Rev. Father Emmeran of Hanalei, island of Kauai, Hawaiian Islands, who was a guest at the parochial residence of Notre Dame des Victoires parish during the week, left on Friday for New York, en route for Havre. He will, while in France, make a stay at the mother house of the Congregation of the Sacred Heart, Picpusiens, Paris, of which community he is a member. He will then proceed to Westphalia, Germany, where he goes to visit his aged mother.

Father Emmeran has devoted twenty-five years to missionary labors in the Hawaiian Islands, his work being specially among the Portuguese and Kanakas, with whose languages he is familiar, as well as with German, French and Spanish. He considers the field for missionary work in the islands promising. He says it will take time, but he thinks the Kanakas will eventually become Christians. He will return to his charge in the autumn.—The Call, June 15.

THIS IS CRICKET.

Remarkable Playing of the Australian Team in England.

Leading Australian papers pay more for cablegrams giving accounts of the Australian cricket team's playing in England than for those on items of momentous Imperial policy and the important politics of Europe. Australians have good reason to be proud of their Eleven this season. A London dispatch of June 5 gives a report of the match between the Australians and the Gloucestershire elevens continued on that day.

Donnan of the Australians began with 25 to his credit scored the previous day, the famous Giffen being at the wickets with him. Giffen went out after scoring 25, the score being 125 for two wickets. Graham coming in was bowled for 3, when Gregory took his place and the partnership between him and Donnan lasted an hour and a half, yielding a score of 108. Gregory had made 64 of these when given out by leg before wicket. Donnan was stumped eventually after having compiled 87. When the stumps were drawn for the day there were nine wickets down for 378 runs. On the following day the Australians concluded their first innings for 382. W. G. Grace, the veteran cricketer of England, had bowled three wickets at a cost of 50 runs. E. M. Grace took two for 45, and Murch two for 52.

With 272 runs to the bad Gloucestershire began their second innings. W. G. Grace played a brilliant game for 66 when he was caught out, the score being three wickets for 122. Trumble, one of the Australian bowlers, was practically unplayable, the last six wickets being disposed of within 40 minutes. The innings closed for a total of 181, Australia thus winning the match by an innings and 91 runs. Trumble in the second innings took six wickets for 81, and Giffen three wickets for 57.

Out of eight matches played up to June 6, the Australians had won six and two were drawn.

Press Club High Jinks.

At the recent high jinks of the San Francisco Press Club, Superior Judge J. C. B. Hebbard gave an address on Kauakamuki, an ancient Hawaiian fighter. The speech closed with a beautiful poem, the skull of the ancient islander being exhibited before him as he spoke. With the skull was an inscription, reading:

Kauakamuki,
Hawaiian Warrior,
Died in Battle in 1795.
Presented to
The Press Club of San Francisco,
June 6, 1896.

The Hawaiian airs rendered by the quartet in connection with the presentation were received with enthusiastic applause.

The Relay Race.

A special meeting of the Honolulu Athletic Club was held last evening, which resulted in the selection of the following teams for the relay race on the morning of the Fourth:

Team No. 1—Geo. Angus, (captain), Damon, Lishman, Silva and Brode.

Team No. 2—H. A. Giles (captain), Johnson, Sylvester, Bond and Geo. Paris.

Team No. 3—R. A. Dexter (captain), Martin, King, Belmont and Chapman.

Hawaiian Hardware Company.

The eagle belonging to the Hawaiian Hardware Company does a little screaming in another column today, and incidentally mentions the merits of the Tribune wheels and the virtues of the Blue Flame Coal Oil Stoves.

Sporting. By the Martha Davis which arrived this morning a complete line of sporting supplies for the coming season were received by Messrs. Castle & Cooke.
